Newman's Notes

It was summer 2001 and I was a long way from home. How did I get so lost? Running along the riverbank, I got more and more tired until a fishing boat hauled me in. Up and down the river we went, but no one could find where I'd come from. I needed help fast! A nice lady in Dillingham took me in and called Friends of Pets. Along with a litter of homeless kittens, I hopped a plane for the big city. What an adventure!

I was nervous when the FOP lady Michele told me I was going to check out a new home. When we got there, Michele sat on the couch so I climbed up on the couch too. Michele said "If you want to stay here, you should be cuddling up to her instead," and I knew just what to do! Debi became my new mom and I became her "new man"!

I've been able to teach my mom a lot in the last eight years. She knows that when I sit by the table quietly, I would like to share her food, and I only nudge a little when she's too slow. When she leaves, I make sure she gets back in by sitting at the door until she returns. And when the afternoon sun is just right, I remind her that it's perfect for nap time.

Mom says that she loves me with all her heart and soul, and that I've brought a joy into her life that she had never known. I'm just lucky that I went fishing that day and got the catch of a lifetime! See you on the Dog Jog trail!
